I spent the day working on several projects, completing a first version of the Git Activity Digest Agent, and improving existing projects with bug fixes and feature tweaks. I also attended a 90-minute team meeting to discuss ongoing projects and issues.

Personal Project and Daily Summarizer

- Initial commit of Git Activity Digest Agent v1
- Documented password gate and GitHub repo link in README

SFDC Monitoring and G3 Case Relay Dashboard

- Fixed 25s dashboard load by adjusting query column widths
- Improved Overview and Closed Cases pages with a pager and default hidden columns
- Re-tuned column widths for actual Linux container driver

SFDC Monitoring and G3 Data Consolidation Phase II

- Added toggle to hold back report type without code changes

Other activities

- Attended 90-minute team meeting at Diamond Room 4th floor
